BRIEF REPORT:

Subject: Permission to conduct Dell – Generation Inspiron Program at the college

Requested Sir/ Ma'am,

It gives me immense pleasure to inform you that Dell has created a platform for all the college students across top towns, to showcase their innovative thoughts & passion projects. We would like to host one event at your esteemed institution for all your students.

What is Generation Inspiron Program?

This generation leads the way in technology, in adapting changes, in understanding the new gadgets. They are the future, the torch bearers of change & adapt the new way of learning, even online learning in the lockdown. They are, in true way, the **PADHAI 2.0 GENERATION**. Dell wants to offer them something they really want - **A CHANCE TO DISCOVER THEIR PASSION!**

In this event, DELL gives all the students a platform to present their **PASSION PROJECT**. This project will encourage the students to work in teams and present their ideas to the world via social media platforms & to esteemed team of DELL. We are going to 8 cities and 60 different colleges for this program. One team (**maximum 5 members per team**) per City (7 such teams) will get **Laptop Accessories + Amazon Voucher & ONE team (maximum 5 members per team) across India gets Dell Inspiron Laptop** for each team member at the **Grand Finale** along with tremendous exposure on **radio** and **digital** for the winning project.

There is a challenge designed for all the other students as well, who may not participate in the program but can win either Dell T-shirt, cap or Amazon Voucher by purely showing their passion on the spot.

To be a part of this Program, the students will be given registration link where they will have to register themselves & their team to get a chance to share their passion project with the entire country. We are looking forward to your support in populating this link and encouraging the students to participate in the program.

We request you to give a suitable date and time for conducting the event at your college. We are confident that your students will make your institution proud by winning top positions in the Program.

With Regards,
Team Dell

BRIEF REPORT:

Titan Leap

Titan Leap center program is an employability skill development program, supported by CSR of Titan Co. Ltd and implemented by Naandi Foundation. A total of 3899 learners have been trained from 2018 to 2023 through the Titan LeAP center program. This immersion program offers quality training consisting of life skills, socio-emotional skills, language skills, aptitude skills, computer skills, business skills, and domain skills for a duration of about 90 to 150 hours at the center located in Guindy, Chennai. The aim of the program is to provide an immersive learning experience that enables learners to go through a 360° transformation by supporting them with counseling, mentorship, skill development, livelihood, and income-generating opportunities. One-on-one counseling and mentoring have been introduced this year which will enable learners to open up better and in turn, will improve their self-esteem. The new pedagogy that involves a problem-based learning model will also give our learners more confidence while facing real-time challenges in their professional life. The customized teaching-learning approach aims to meet the learners' needs, learning styles, skills, and interests through differentiated learning pathways in a classroom. This approach differs from teaching every learner through a universal methodology. This concept supports self-directed education and encourages learners to take more responsibility for their learning along with their peers. All the learners are supported with mid-day meals, travel assistance, and assured placement connections. The performance of the learners is assessed periodically in all courses from the beginning to the end of the training program. The attendance percentage estimation of our learners is calculated and regular follow-ups are done to enhance learners' participation. As a result of the program, it is ensured that learners are mentored, trained, mapped, and placed as per their caliber which leads to both personal and professional growth for their holistic self-development.

BRIEF REPORT:

Guest Lecture on ‘Learning Through Literature’ was an extremely enlightening session for the students of Science departments as it aimed to provide an understanding on the different perspectives and about the new syllabus. The speaker for the day Dr. K.N Shoba highlighted the new concepts of the text *Confluence* and *Aperture*. She further laid emphasis about the English literature and Science’s collaboration. Overall, the lecture helped the students to acquire the knowledge of the challenges, techniques in understanding the new text.

DATE OF EVENT :	JUNE 22, 2023
TOPIC :	YOGA FOR STRENGTH
EVENT CATEGORY :	YOGA FOR PHYSICAL FITNESS
LEVEL	INTER- DEPARTMENTAL ACTIVITY NO OF PARTICIPANTS: ALL UG AND PG

BRIEF REPORT :

Yoga was conducted for the purpose of student's well-being. Yoga is one of the most effective ways of promoting physical and mental health. It has been shown to help reduce anxiety, stress, and depression, while also improving flexibility, balance, and overall physical fitness. Yoga provides a holistic approach to wellness that focuses on the mind, body, and spirit. The International yoga day event was conducted for students on June 22, 2023.

DEPARTMENT	BIOCHEMISTRY AND BIOINFORMATICS – SHIFT I
DATE OF THE EVENT	13.08.2022 - 20.08.2022
TOPIC	“TALK ON PCOS AND MENSTRUAL HYGIENE CAMPAIGN FOR ADOLESCENCE”
EVENT CATEGORY	CLUB ACTIVITY
LEVEL	GUEST LECTURE NO. OF PARTICIPANTS : 72

BRIEF REPORT:

Green Health Club of the department of Biochemistry and Bioinformatics has organized the awareness program on “PCOS and Menstrual Hygiene Campaign for adolescence” among the I year students of Biochemistry and Microbiology. Reproductive disorders of women were explained and various treatments and diets had been discussed with our science students. Guest lecture was followed by the Photo session of resolution to take care of personal hygiene by our students through a thump’s up sign.

DEPARTMENT:	DEPARTMENT OF BIOCHEMISTRY AND BIOINFORMATICS
DATE OF EVENT:	12.09.2022
TOPIC:	NEXT GEN SCI 2K22
CATEGORY:	STUDENT AWARENESS PROGRAM LEVEL
LEVEL:	INTERDEPARTMENTAL ACTIVITY
	NO OF PARTICIPANTS: 86

BRIEF REPORT:

National webinar on Next Gen Sci 2k22 was organized by the Department of Biochemistry and Bioinformatics, Chennai for the students of Biochemistry and Bioinformatics, Dr MGR Janaki College of Arts and Science of women. National webinar was conducted using Gmeet. Dr. Mukesh highlighted the natural product based drug design strategy for SARS-coV-2 and also explained the pharmacophore modeling of small compounds. Dr. Venkata Suresh Chinni, shared his knowledge on Next generation sequencing and transcriptome analysis to identify ncRNA's in Bacteria. Dr. P. Karthe, described the process and application of X-ray Crystallography technique Dr. V. Umashankar, shared the research opportunities in the area of bioinformatics and computational biology.

Brief Report

The Department of Mathematics Organised a Guest Lecture titled “**Career Opportunities for Higher Studies and Competitive Exams**” on 26th September 2022. Mr.M.Rehaan, Career Advisor, Ascent Education delivered his lecture for higher studies and Competitive Exam such as GATE, TNPSC, SSC, Railway etc.. Career guidance plays an important role in helping product markets work and education system to meet their goals. A career should be chosen with utmost care, thought and planning. Individual have different innate capacities and abilities and aptitudes for different kind of works were discussed.
