On August 11, 2021, an MoU was formalized between Dr. MGR Janaki College of Arts & Science for Women and MIT Square London, aiming to foster multifaceted development in various domains. The memorandum encompasses a comprehensive array of initiatives geared towards enhancing faculty and student capabilities, fostering collaboration, and promoting innovation. These include Faculty Development Programs (FDPs), Student Development Programs (SDPs), Faculty Exchange Programs (FEPs), and Student Exchange Programs (SEPs), alongside Staff Professional Development Programs and Social Outreach Programs (SORs)/ Corporate Social Responsibility (CSR) initiatives. Furthermore, the agreement emphasizes Placement Training & Activities (PTA), Industrial Visits, and the facilitation of Job Opportunities both domestically and internationally. Additionally, the MoU underscores the importance of sharing educational materials, forging partnerships with more colleges and corporates, and establishing Centers of Excellence (CoE), Centers of Innovation (CoI), and Centers of Entrepreneurship.

In the realm of Innovation Management, the MoU delineates avenues for incubation support, Research & Development activities, and the application of innovation techniques. It underscores the establishment and enhancement of Centers of Excellence (CoE), Centers of Innovation (CoI), and Centers of Entrepreneurship, alongside End-to-End Product Development endeavors. Joint efforts in securing funding and grants, writing research publications, and representing as a team in international consortia and conferences are also highlighted. Furthermore, the MoU emphasizes the importance of Intellectual Property Rights (IPR) through patent filings, trademarks, copyrights, and designs. Expansion of existing CoE Labs, infrastructure management including interiors and design, and event management are among the collaborative endeavors envisaged under this memorandum. Specific Training Programs focusing on emerging technologies such as Internet of Things (IoT), Artificial Intelligence, Blockchain, Cybersecurity, Robotics, Patent Filing, and Entrepreneurship are also delineated to promote knowledge exchange and skill development.
